

Hi all,

Thank you to everyone for attending the second JOM event for the season at Jindera Golf Club on Sunday. A special mention must go to the Jindera Golf Club committee for allowing us to use the course. Not only did they let us use the course, but they also provided us with a sausage sizzle. This was cooked by David Grey, I also had Cameron Odewahn who was kind enough to set the tees up on the course for the JOM kids event. The club has set the benchmark for the rest of the clubs hosting the JOM series. It was a great day.

Below are the results from the JOM event. A big congratulations to Braydan Neilson on winning the event with his 66 of the stick. This gave him a nett score of 18. Well done to Matisé Shanahan on a very solid 67 of the stick to finish runner up with a nett score of 27. Looking at some of the scoring, it was an impressive display for the kids in cold conditions. The boys and girls long drives were won by Oscar Cameron & Bonnie McMillan. The girls nearest the pins didn't go off, but for the boys it was won by Kade Whymark.

With most kids that played on the weekend having played the first event at Wodonga. You will now see their handicaps move according to how they played on Sunday. How we adjust the handicap is based on the average nett score of all players that have a JOM Handicap in the field. The average for yesterday was a tad under 31. So for every shot you were under the average score you lost 0.5 per shot. For every shot you were over you have picked up 0.1 shot. The kids that played there first event on Sunday now have an official JOM handicap.

Now we move on to the MDGA Drummond Cup for the kids with GA handicaps. In another competitive group we saw Chase Doyle take out the win on a count back scoring 18 points. The runner up was Harry Plunkett who finished on 18 points as well. Unfortunately, the boys long drive was not won as no one hit the fairway. The nearest the pin was won by Chase Doyle.

A special thank you to Damien Shanahan (MDGA Junior Coordinator) for assisting me in running the day yet again .

I hope you all got to have a look at the "lunchtime Launch It" system that we take into the schools. If you do hear of a school that would like us to take it in for the students to have a go, then please let me know. I know Liz Plunkett had 40 points after her 18 holes on the simulator...lol

One thing to remember. These events will only be around while people support them. We haven't had any junior events here for several years because the clubs didn't support them. We are trying to get it this off the ground again as there is a need for kids who want to play golf. The next step from the JOM series is to get an 18 hole GA handicap and then play in the MDGA Drummond Cup and then onto the JNJG Encourage Shield and Junior Pennant. So, if you child has any friends that might like to come and have a go at golf. Please pass on my details.

I hope all kids and parents enjoyed the 2nd event at Jindera. We hope to see you all at Howlong for the 3rd event on Sunday 27th June.

Results:

JOM Round 2

Nett Winner
Nett R/Up
Boys Long Drive
Girls Long Drive
Boys NTP
Girls NTP
Encouragement Award

Brayden Neilson
